CASTLE BROOK NURSERIES

GENEVA, N. Y.

Wholesale Price List for Fall of 1874.

THE current season has been an exceptionally favorable one to the growth and ripening of Nursery Stock; the early part was warm and damp, causing a strong growth; the latter part is dry, producing well-ripened wood and consequently HARDY trees.

Our stock is large and well grown. Our facilities for handling stock are unsurpassed.

We call special attention to our large, unbroken blocks of two, three and four years old Standard and Dwarf Pears, Apples and Cherries.
